VIEW SYSTEMS ANNOUNCES SURVEILLANCE INSTALLATION AT A PRESTIGIOUS ANNAPOLIS MARINA; NETWORK SERVICES DIVISION CONTINUES FIBER OPTIC INSTALLS

BALTIMORE, MD -- (GLOBE NEWSWIRE) – June 29, 2010 -- View Systems, Inc. (OTC BB: [VSYM.OB](http://www.viewsystems.com)), a security and tele-data solutions provider, announced today that the company is scheduled to commence installation at a prominent Annapolis marina this week.

A marketing blast was sent to a majority of the marinas in the state of Maryland earlier this month. Several have responded and have requested site surveys. The installation at the marina in Annapolis will consist of a digital video recorder and multiple wired and wireless cameras.

In addition, View's Network Services Division will complete the job of running fiber optic pathways to approximately 108 multi-dwelling units in and around the Baltimore area at the end of this week.

Paul Price, Vice President of View's Network Services Division, states, "We are pleased to add this prestigious Annapolis marina to our list of installations, and hope that this will lead to additional business in the marina market."

About View Systems:

View Systems, Inc. manufactures and installs weapons detection identification systems, video management platforms and tele-data communication networks targeted towards correctional facilities, schools, courthouses, government agencies, event and sports venues, and commercial businesses.
