## VIEW SYSTEMS ANNOUNCES THE DEVELOPMENT OF A NEW OPERATING DIVISION

BALTIMORE, MD -- June 8, 2009 – (CRWE NEWSWIRE) -- View Systems, Inc. (OTC BB: [VSYM.OB](#)), a security and tele-data solutions provider, announced today that the company has created a new operating division called Network Services.

This division will handle projects relating to installing micro-duct in multi-dwelling units and has already received numerous contracts from a major integrator. These contracts will continue the proliferation of fiber optic cable in this new digital paradigm. View Systems will be paving the way for these networks to be developed throughout Maryland and Virginia.

Gunther Than, CEO of View Systems, states, “We are developing the core competencies to engage in these contractual obligations. Formation of personnel teams with exemplary credentials to accomplish these tasks has already begun. We plan to build a minimum of five fifteen-man teams in the near future. Training and operational procedures are being developed and executed on an ongoing basis, (ie: OSHA Regulations, Safety Procedures, etc). Vehicles and trailers have been acquired, and the necessary tools and equipment have been procured. Equipment is checked, inspected and at the ready for our crews to utilize.

“We have been informed by our integrator client that these projects will continue for many years to come. We at View Systems look forward to the challenge, and will continue to strive for performance excellence.”
